

THE BEST YEARS

OF OUR LIVES

OF OUR LIVES

The first three years of high school are much the same, filled with the gay abandon and good times which make for wonderful memories.

Then--Senior year. Realizing that we are standing on new thresholds, our final preparation for life, we respond with a deeper sense of responsibility, a seriousness of purpose mixed always with warm sentimental feelings. With this attainment of stature comes an urgent desire to leave a worthwhile record of the class of 1958.

As we pass our light on to all the future seniors of Marlinton High School, we hope that they, grasping the ideals which we have held as standards, will continue to try for the best, as we have tried.

"The hopes and fears,"
The work and tears,
The smiles and cheers--
The Best Years of Our Lives--
are met in our 1958 MARLINTONIAN.

MR. AND MISS MARLINTON HIGH SCHOOL DECEMBER 1958

Beverly Nottingham and L. J. ...

FOREWORD

School days are numbered among those which are the most remembered of one's life-time. Years when fellowship with our friends and educational opportunities become enjoyable realities that are to be filed individually into the minds of youth to be reviewed at a later time.

To memorialize these moments which so hurriedly depart from human memories, the Marlintonian staff has condensed these many days into one book. All this was done so that the students of Marlinton High School will always remember these---The Best Years of Our Lives.

ADMINISTRATION

All things must end, even good things, and you are now approaching the end of one part of your life. In many ways the last year of high school is the most important of all school years, for it provides a good chance to clarify your thinking about ideals and goals. This last year in high school is an excellent time to overcome personal deficiencies, build needed strengths, and get the most from the friendships and opportunities your high school provides. Soon you will be leaving the protective atmosphere of Marlinton High School, and you must make important decisions as to jobs, future education, and the responsibilities of adult citizenship. The decisions you make will probably affect the rest of your life, for every adult is influenced by his answers to his youthful problems.

It is the nature of society for new problems to arise constantly, and the best society can do is to become adept in solving problems. The purpose of your education is to test one idea against another idea, one method against another method, to inquire and to examine until men can know the true from the false.

Sincerely yours,

M. H. Brooks, Superintendent

J. K. Arbogast, Assistant Superintendent

How small or how large a place will depend on how hard you work at your education and your assigned job. DEDICATION

We the seniors, dedicate the 1958 Marlintonian to our senior sponsors, Mrs. Rosemary C. Coyner and Mr. Charles E. McElwee, whose friendship, encouragement, and patience have helped us through this, our last year at M. H. S. May we forever remember their firm but kindly advice as we travel the long road of life, that the task ahead of us is never as great as the power behind us. May their faith in us be justified and may our hearts be ever grateful to these, our friends Mac and Rosie, who have helped to make this one of the best years of our lives.

behind us. May their faith in us be justified and may our hearts be ever grateful to these, our friends, Mac and Rosie, who have helped to make this one of the best years of our lives.
